

Corporate Social Responsibility Statement

生特瑞企业社会责任承诺

Care for Planet

At Century 3, when we talk about our commitment to sustainability, we are talking about building green and being green; about delivering excellent service to our clients and reducing the environmental impact of our operations by carefully managing our energy consumption and non-renewable disposals - in our offices and on project sites. We use both LEED/Green Building and lean practices in our project planning and construction. We employ strict office energy saving protocols, along with bringing awareness to our employees through training and reward systems. We effectively reduce waste by recycling electrical appliances and promoting paperless working environment. As a company, we know the impacts of global warming and we believe in the influence we can all have by being sustainable not only locally but globally.

Care for People

We believe profit sharing with our employees and communities is not only a viable business practice but also a promotion in innovation and efficiency. As a construction company, we do not just believe in construction development of buildings and facilities, we believe in constructing inclusive, pro-active, and resilient societies. This is why we foster social innovation through partnerships with social organizations, corporate volunteering, fundraising and much more. We have established a team to organize the donation of used laptops to children in rural China and developed PC learning programs by voluntary teaching and book donations. This provides the school children with the skills to compete and succeed in future life. Century 3 also supports children in underprivileged living conditions for their education from primary school to higher education with the best efforts to realize corporate social responsibility.

可持续发展

在生特瑞，我们秉承“可持续发展”的理念，坚持“绿色建造”，在为客户带来优质服务的同时，减少办公室及工地的能源损耗及不可回收废弃物的产生，最大程度降低对环境的影响。在项目规划与建设过程中，我们通过LEED/绿色建筑与精益生产来实践可持续发展的信念。生特瑞恪守节能环保承诺，通过培训和奖励机制推广节能环保理念。我们回收利用电子设备，并尽可能营造无纸化办公环境。面对全球气候变暖带来的挑战，我们积极贯彻可持续发展道路，为当地乃至全球经济的健康发展做出贡献。

人文关怀

我们坚信分享利益并回馈社会能推动创新，提升效率。作为一家工程公司，我们不仅搭建钢筋水泥，更致力于建设一个包容、积极的社会。我们与多个慈善机构合作，通过募捐、志愿者等方式传递爱心。公司成立了专门的团队，定期将二手电脑捐赠给偏远地区的学校。志愿者们更是远赴山区支教，向贫困地区的学生传授计算机使用技巧，让当地学生掌握现代科学技术，提升竞争力。此外，生特瑞还长期为条件贫困的学生提供助学金及生活补助等，以尽力实践企业社会责任。
